

Elma 1000A - Voltage Tester, IEC 61010-1 CAT III

Elma 1000A is a handy safety voltage tester with smart design features. The instrument has a clear LED indication of relevant voltages and automatically polarity indication. The tester has a smart connection with 19mm spacing to fit directly into the wall socket and allows one-hand operation. Elma 1000A is performed in IP 64 and meet IEC 61010-1 CAT III 690V and EN 61243-3.

Technical data:

AC V range:	12, 24, 50, 120, 230, 400 og 690V AC/DC
Display :	Diode
Ingress Protection (IP):	64
Dimensions:	165x20x16 mm
Security category:	CAT III
Frequency range:	DC, 50/60Hz
IP Rating:	IP64
Net weight:	70 g
Test current A:	< 3,5 mA
Max voltage AC (V):	690
Max voltage DC (V):	690
IEC/EN 61243-3:	Yes
Current measurement:	No
Weight (g):	115
Dimensions HxBxD (mm):	210x55x21
