

## Elma Laser 3 - Laser distance meter with inclinometer and bluetooth

Incl. free Elma link App for iOS and Android

Elma Laser 3 is a new and professional laser distance meter (LDM) with lots of automated functions and calculations. The instrument is simple to operate, and measures distances to 80 meters, has built-in angle measurement and a large, backlit multi-display. Using Bluetooth, Elma Laser 3 turns into a clever tool for documentation. Take a picture, using your smart phone or tablet, and quickly drag and drop the measurements and comments to the picture in the free Elma Link App and share by mail or other forwarding apps on your device. Elma Laser 3 makes it fast to measure room dimensions, ceiling height etc. Elma Laser 3 has built-in memory, timer, +/- calculation and area and volume calculation. The instrument is delivered ready to use incl. nylon bag, batteries and manual.
