

Elma MagnetStick® - Magnetic Field Tester

ATEX approved for EX Zones

Elma MagnetStick® EX 702-62EX is ATEX approved for EX Zones and is a small and clever "Pen-tool" for test of magnetism without metallic contact. The tip of Elma MagnetStick® EX is simply placed close to the test point and will light in clear red light, if a magnetic field is present.

Indispensable for testing:

Pneumatics and hydraulics

Oil and gas burners

Appliances and white goods

Elma MagnetStick® EX provides easy and safe testing, without contact with live circuits. Supplied ready to use incl. batteries and test magnet.

Technical data:

Battery:	2x1,5V AAA (inkl.)
dB μV Sensitivity:	300 Gauss (0,3mT)
Dimensions:	145(L)x18(Ø)mm
Operating humidity:	80%@30°C 50%@40°C
Operating temperature:	-20...+50°C
Net weight:	45g
Battery:	2 pcs, AAA, Inkl.
Weight (g):	45
